For more information and/or to register, please complete the attached form or contact ACEC/AZ at 602.995.2187

Today's engineering pool is shrinking due in large part to our nation's youth choosing not to enter the engineering profession. The American Council of Engineering Companies of Arizona is making strides to rebuild the engineering profession through public education. The goal of our annual golf tournament is twofold:

- 1) Raise funds to provide multiple scholarships for students majoring in engineering at any one of Arizona's three state universities.
- 2) Provide engineering educational outreach tools and programs for K through 12th grade youth and college students of Arizona. We focus on the message: "Engineers Change the World".

Where do golf tournament proceeds go?

To college scholarships and educational outreach materials for Arizona youth.

How can I coordinate a visit from the ACEC Outreach to my child's school?

Contact ACEC/AZ:  
[engineers@acecaz.org](mailto:engineers@acecaz.org)

How does my child apply for an engineering scholarship?

Applications are available from ACEC/AZ.

**By helping us reach our \$10,000 goal, you can make a difference in the lives and education of Arizona's youth!**
